

Wedding / Civil Photography Price List

Intro:

At **ikonic** photography we do things a little differently from your normal photographer. We have simplified our offering to one package and then you can tailor it by adding options to give you exactly what you want. We believe that you should concentrate on the style of photography you want and not by all the different package offerings.

The ikonic offering:

At a cost of £2,500 you will get the following:

- Pre-consultation to go through your exact requirements. We will provide you with a written quote/order.
- Pre-visit to venue(s) four weeks prior to wedding (subject to a 50 mile radius). We normally request that we meet the couple at the venues(s)
- After the pre-visit we will provide you with a written timetable of the expected timings e.g. where we will meet you, which shots you have specifically requested additional to the normal service
- Photography up to and including the speeches
- Formal and reportage photographs to be taken during the whole day
- A list of names for the formal photographs will be requested prior to wedding and will be used as a check list on the day
- The number of photographs taken will be dependent on party size but is expected to be in the region of around 300 - 400 images. There is no limit set.
- A Jorgensen album is included and designed to your specification:
